

Politechnika Łódzka

Published on *Politechnika Łódzka - Rekrutacja* (<https://rekrutacja.p.lodz.pl>)

Organizational unit running the field of study:

Faculty of Organization and Management

Cycle of study:

First-cycle

Mode of study:

Full-time (degree programme)

Part-time (degree programme)

Language of instruction:

Polish

Degree awarded:

Bachelor of Science

Duration of study:

4 years

Description of the field of study:

Interdisciplinary, combining technical and management knowledge, the program provides engineering education in modern technical and technological solutions. Students learn production, quality, and logistics management skills.

They are introduced to the topics of:

- engineering design and graphics (as regards products and their packaging)
- materials science,
- production and service management,
- project management,
- the economics of production,
- human resources management,
- cost accounting for engineers,
- ergonomics,
- marketing.

The program profile is practical, which means that students are required to complete 24-week traineeships at international corporations and national businesses to supplement theory with practice.

Specializations:

- production process engineering

- quality engineering
- logistics engineering

Graduate profile:

Graduates are awarded the degree of inżynier. Because of their extensive knowledge, including both technical and management aspects, they are prepared to take up employment in manufacturing and trade companies in various branches of industry, logistics centers, consulting and auditing companies. Thorough technical and management knowledge also allows them to set up and run their own business.

Date of enrolment:

12th of June - 10th of July 2023

Admission requirements:

- [Admissions calendar](#) [1]
- [Required documents](#) [2]
- [Fees](#) [3]
